WORD Force: A Literacy Adventure

Developing strong literacy skills at an early age helps students reach their full potential, generating long-term benefits like lower risk of grade retention, increased graduation rates, and improved earning power later in life. As the commander of the **WORD Force**, a motley group of superheroes, students will develop a strong foundation in key beginning reading skills.

We're proud to announce a refreshed digital course with newly added direct instruction videos, game onboarding, level-specific interventions for students who need more guidance in the course, an eBook library equipped with a read-to-me feature, and adaptive pathing to personalize the learning experience for all students.

WORD Force: A Literacy Adventure

GRADE LEVEL:
K-2

CURRICULUM FIT:
Reading and ELA

LENGTH:
15 digital games
with 5 levels each

8-10 mins per level

STANDARDS ALIGNMENT:
CCSS ELA K-12 and
State-Based English
Language Arts Standards

EFFICACY:
All EVERFI K-12 courses
are research-based.

Skill Focus Areas

PHONOLOGICAL AWARENESS

LETTER-SOUND / LETTER
NAME MATCHING

WORD BUILDING

VOCABULARY

READING FLUENCY

READING COMPREHENSION

Build a Strong Foundation in Literacy for Your Students

SCIENCE OF READING ALIGNMENT:

WORD Force games and resources incorporate practice in skills promoted by the science of reading. The instructional support also aligns with how children learn literacy skills best: through explicit, systematic instruction (National Reading Panel, 2000).

Phonological Awareness

Students will gain confidence in their ability to identify and manipulate sound structures (e.g., rhyme, individual speech sounds) in spoken words.

Letter-Sound /Letter Name Matching

Students will match printed consonants and vowels, consonant digraphs (e.g., ch), and blends (e.g., sk) with their corresponding speech sound(s).

Word Building

Students will build phonetically regular and irregular words at the onset-rime (e.g., r+ake = rake) and letter (e.g. c+a+t = cat) levels that include short and long vowel sounds, digraphs (e.g., ea, ck), diphthongs (e.g., igh), and consonant blends (e.g., fr).

Vocabulary

Students will develop automaticity in their ability to decode, recognize, and use low and high frequency phonetically regular and irregular words, which will support vocabulary growth.

Reading Fluency

Students have access to interactive, informational text eBooks about a variety of topics (e.g. STEM) that feature diverse populations with read-aloud capability that facilitate vocabulary expansion and reading fluency development.

Reading Comprehension

Students will use knowledge of phonics, grammar, sentence structure, vocabulary, and reading fluency to facilitate text comprehension.
